

Secretary's REport

The February meeting of the Wellesley Amateur Radio Society was held on Tuesday, February 6th. Bill Emerson served as Moderator in the absense of Marchall Cannell. The featured speaker was Henry Cross , W1OOP who gave a most informative talk on RF overload in the VHF bands.

Roger Smith W1EOA told us about the towns Civil Defense system. Club members are encouraged to join this system. Many thanks also to Mrs. Rechel who passed around information on Electronics Safety. I agree with Mrs. Rechel " A Smile costs nothing but gives much."

Respectfully submitted,

Walt. Lenk
Secretary
